

SERVICES OFFERED

The HIV/AIDS Project's attorneys, paralegals and social workers work exclusively with HIV+ individuals and those living with AIDS and their families. We know how important professional and experienced assistance is for those facing legal issues. Early legal intervention is most effective to resolve an issue before it becomes complicated. The social work component is a unique feature of the program and is based on the recognition that some of our clients may need special support and services to manage and deal effectively with the legal system. If you are not sure how to respond to a legal problem, call Nassau Suffolk Law Services and ask for The HIV/AIDS Project.
